

Hole #9

Par 4

Gold~388 Blue~339 White~294 Red~250

Hole #9 is a great finishing hole for the front nine. It is a fairly easy hole that yields lots of birdies and pars. There is a small ditch 75 yards out, but that only comes into play for the longest hitters. For those long hitters hit a three wood off the tee. Off of the tee right is better than left. Three large trees protect the left side of the fairway. A large sand trap runs the length of the green. The green is large with subtle slope.

Pro Tip- Favor the right side of the fairway. Not only does this give you more margin for error off the tee, but will give you the best angle for your approach to this large green.
